Attached is the most recent CIP update. Thanks for this information and feel free to share with Deb or others. I would be cautious in using this as a guide for community involvement outside of Superfund or using it as an over reaching outreach guide. Let me know if you have any questions. Thanks.

Deb,

As promised, in preparation for this Thursday's (7/2) meeting with CDPHE and others, attached is an initial summary of current and recent EPA activities in the Industrial Triangle area. This is an initial review based on responses received and would need more work to be considered complete. Also, this summary doesn't include the VB/I-70 Superfund site work (which is probably our most substantial and longstanding presence in the area).

Has a decision been made regarding who will attend the meeting on Thursday?
